

CELEBRATE ANNIVERSARY — Milt Isbell, left, owner, and George Shrake, general manager of Liberty Home Appliances, 3445 Torrance Blvd., are celebrating their ninth year in the appliance business with a gigantic sale. Their ad is on Page 3.

Applied Arts and Science Instructors Join El Camino

Eight instructors in applied arts and sciences launched El Camino College teaching careers this week. Under direction of Willis Weber, assistant director of instruction, the newcomers will instruct business, speech, theater arts, home economics, and secretarial training.

Completing work at the University of Denver, the University of California at Berkeley and Los Angeles, and USC, Banks holds a master's degree in speech and drama. He has taught in Oakland, USC, and Santa Monica College and has appeared in many film and stage productions as a professional.

Marjorie S. Alseth, a resident of Gardena, came to the college as a secretarial instructor. She has taught in Wisconsin, New Mexico, and California and was a member of the Ingewood High School and Los Angeles Metropolitan Junior College faculties.

The Economy Slant 6 is inclined at an angle of 30 degrees from the vertical in the engine compartment of the 1960 Dodge Dart. Every bit of fuel is put to use to give unique operating economy and adequate power for any driving need, Rody said.

Joining the college staff as an instructor in home economics is Flo Anne Keith, a Long Beach resident, who came to the campus from Bellflower High School. She also has taught at Mira Costa High School, Manhattan Beach, and in Texas and New Mexico. She is a native of Oklahoma.

Rody, at his agency at 16514 S. Vermont, said four advantages are achieved by slanting the engine: 1. The center of gravity is kept much lower than in upright engines. 2. A low, stylish hood is made possible. 3. Engine accessories are more accessible. 4. The water pump can be moved to one side to reduce the engine's length.

A native Californian, Jack C. Kingsley, will instruct classes in speech. His background includes work at Los Angeles City College and the UCLA, where he received BA and MA degrees.

Both the Economy Slant 6 and the Red Ram V-8 engine use regular fuel. Also, new rubber-block and coil spring mountings used on the 1960 Dodges achieve the largest reduction in engine vibration since Dodge began using V-8s.

Fern C. McCoard, another native of Utah, will teach secretarial classes. She has taught at Brigham Young University and Cleveland College of Western Reserve University.

Riegle, in addition to his affiliation in the Legal Department at Douglas, is vice chairman for the Government Contract Committee, American Bar Association. He is a graduate from Emporia State College and Kansas University Law School. Subsequent to his serving in the U.S. Marine Corps during World War II and the Korean Conflict, Riegle is in private practice as Prosecuting Attorney for five years prior to his appointment as Legal Counsel for the aircraft company.

Howard M. Banks, a professional actor, teacher, and writer,

The Automobile Club of Southern California reminds you that good visibility is essential to safe driving. Never drive even short distances if the windshield and windows of your car are not free of insects, road film, and other dirt accumulations. Remember, you have to see danger in order to avoid it.
